by 109 against 112.

Mr. Harris said his proposition embraced the whole case fairly and fully. Would Mr. Stephens, or any ather of the committee, object to the minority hereafter presenting their views in a report.

Mr. Stephens said he would not.

Mr. Latcher would not. object to Mr. Harris making a report in the regular way, but objected that the minority should take the chances with a demurrer, and when that said, take another chance by making a report.

Mr. Harris of a when that said, take another chance by making a report.

Mr. Harris of a proposition on which all parties tould unite, he submitted his proposition as one of fairness, but appreheading an objection has would call attention to the subject now, if Mr. Letcher and his triends had determined on their course. His course was tract. It is then withdrew his appeal, saying that an objection had been made to the presentation of the minority report, he would let the majority take the chances for introduction of their report. The House then adjourned till Mroday.

Mr. Chandler, of Mich., addressed the Senting on Kansas affairs. He was opposed to the Licompton Constitution for four reasons, It. Because it was conseived in fraul and concluded in fraud.
